### COCO

#### **Disclaimers**

This guide has been developed to help you make a safe and informed choice about our food but if you have any concerns, please talk to a member of staff, click on Contact Us on our website, or email ciao@cocodimama.co.uk

Please take some time to read the important information at the front of the guide and please tell us about your allergy before ordering. Please also remember to check this guide every time as our dish descriptions don't always mention every single ingredient and recipes do change from time to time.

#### **DELIVERY**

For Delivery Orders, including Catering, we can't currently cater for allergies or specific dietary requirements. Please come and visit one of our kitchens in person.

This allergen guide covers the 14 allergens specified by the EU Food Information Regulations\*. It lists what allergenic ingredients are contained in each of our dishes and shows which are suitable for vegan and vegetarian diets.

We also include 'may contain' warnings from our suppliers\*\*. (This is where an allergen is not in a recipe or intentionally in a dish, but where the manufacturer of an ingredient believes that cross-contact may still be a risk). However, please bear in mind that our busy kitchens handle numerous ingredients and allergens. Whilst we have controls in place to reduce the risk of cross-contact, it is not possible for us to guarantee that any of our dishes will be allergen free.

#### **Disclaimers**

Please note our non-gluten pasta is always cooked separately to order. However, none of our pasta dishes are gluten free so they may not be suitable for coeliacs.

Allergens contained within our condiments & extra toppings are not included in dish information. Please check these separately as these may alter the suitability of your dish.

Our vegan dishes are made with care to a vegan recipe. However, due to cross contact at our suppliers and in our busy kitchens, these dishes are not necessarily suitable for those with allergies.

\* in accordance with the EU Food Information Regulations only cashew nuts, almonds, hazelnuts, walnuts, brazil nuts, pistachio nuts, macadamia nuts and pecan nuts are covered under the "nuts" column on our allergen guide therefore ingredients such as pine nuts (pine kernels) or chestnuts are not covered.

\*\*where a dish contains a species of cereals containing gluten or tree nuts, please note additional species may contains are not covered.

Please bear in mind that due to the seriousness of allergies and food intolerances, our teams will not be able to help select dishes. We recognise that some people want to avoid many other food ingredients and so full ingredients for some of our dishes and dish components, such as sauces, are available at the back of this guide. If you are unable to find a dish suitable for your dietary requirements, we advise you not to order. However, as you know more about your allergy than we do, we will leave it up to you if you want to proceed.

Alternatively, if you let our head office know your dietary requirements in advance of your visit they will try to help you with your dish choices. Drop us a note on ciao@cocodimama.co.uk

FAQs

#### **FAQs**

#### Which are the 14 allergens covered within your allergen guide?

Celery, cereals containing gluten, crustaceans, egg, fish, lupin, milk, molluscs, mustard, peanuts, sesame, soya, sulphites and tree nuts.

#### Can you guarantee my food will be allergen free?

No, we can't guarantee that any of the dishes on our menu will be allergen free as our kitchens are busy places where we handle numerous ingredients and allergens. In addition, some of our ingredients come from suppliers who put 'may contain' warnings on their products. This is where the manufacturer believes that traces of allergens may be present.

#### Do you pass on supplier 'May Contain' warnings?

Yes, we do. Supplier may contain warnings are highlighted with an asterisk\*. However, please bear in mind that our busy kitchens handle numerous ingredients and allergens. Whilst we have controls in place to reduce the risk of cross-contact, it is not possible for us to guarantee that any of our dishes will be allergen free. Please note, where a dish contains a species of cereals containing gluten or tree nuts, additional species may contains are not covered.

#### How can a dish be labelled vegan if it may contain milk, eggs, crustaceans, fish or molluscs?

Vegan food can be prepared in factories and areas where products of animal origin may be present. This could mean that some vegan food products could unintentionally contain allergens. You can read more about this on the Food Standards Agency webite <a href="https://www.food.gov.uk/safety-hygiene/vegan-food-and-allergens">https://www.food.gov.uk/safety-hygiene/vegan-food-and-allergens</a>.

#### How can a dish be labelled Non Gluten if it may contain cereals containing gluten?

Our Non Gluten dishes are recipes that do not intentionally contain gluten. Some of these recipes therefore have manufacturer's may contains warnings for gluten and there is also the risk of cross-contact in our busy kitchens. For these reasons, we do not label these dishes as gluten free so they may not be suitable for coeliacs.

#### Information about Allergen Guides

This allergen guide covers the 14 allergens specified by the EU Food Information Regulations. It lists what allergenic ingredients are contained in each of our dishes and shows which are suitable for vegan and vegetarian diets. We also include 'may contain' warnings from our suppliers.

\* a black asterisk means that the dish 'may contain' the specified allergen. (This is where an allergen is not in a recipe or intentionally in a dish, but where the manufacturer of an ingredient believes that cross-contact may still be a risk). However, please bear in mind that our busy kitchens handle numerous ingredients and allergens. Whilst we have controls in place to reduce the risk of cross-contact, it is not possible for us to guarantee that any of our dishes will be allergen free.

Where a dish contains a species of cereals containing gluten or tree nuts, please note additional species may contains are not covered.

### Items fried in our fryers\* may come into contact with: Gluten (Wheat, Barley), Milk, Eggs, Fish, Molluscs, Crustaceans, Celery, Mustard, Soya, Sulphites.

\*We fry a range of items in our fryers and are unfortunately unable to fry items separately for customers with allergies and intolerances. Please note that we do have separate vegetarian and non-vegetarian fryers. However, these are in close proximity to each other, and we are therefore unable to guarantee full oil segregation. In order to protect those with allergies, we have combined the cross-contact information from both the vegetarian and non-vegetarian fryers.

#### Items that are cooked in our pasta boilers\*\* may come into contact with: Gluten (Wheat), Eggs, Milk.

\*\*Due to the way we cook our pasta in our small, busy kitchens, we are unfortunately unable to guarantee that there will be no cross-contact with other allergens. Our non-gluten pasta dishes are cooked separately to order and this is detailed beside relevant dishes in the allergen tables.
